FISCAL REVIEW COMMITTEE**

FISCAL NOTE

HB 2256 - SB 2337

February 28, 2016

SUMMARY OF BILL: Establishes that a pawnbroker is not required to relinquish to a claimant an item believed to be misappropriated or stolen, unless a court has ordered such action. Requires, rather than authorizes, an appropriate law enforcement official to place a written hold order on property in a pawnbroker's possession, when such official has probable cause to believe that the property is misappropriated or stolen. Requires all moneys paid by a conveying customer, when a court finds that the property was misappropriated or stolen and orders the return of property to the claimant, to first be credited toward the pawnbroker until all money received from the pawnbroker for the property, plus all applicable pawn service charges, and all court costs and fees are paid, before any such money is credited toward litigation taxes, costs, fines, or any other payment specified by the court.

ESTIMATED FISCAL IMPACT:

NOT SIGNIFICANT

Assumptions:

- Any decrease in local revenue as a result of requiring the conveyance of customer's payments to first be credited toward recovering the pawnbroker's expenses, before any credits toward court costs and fees are made, is estimated to be not significant.
- There will not be a significant impact on the number of cases in the court system for state or local government to experience any significant impact on revenue or expenditures.

IMPACT TO COMMERCE:

NOT SIGNIFICANT

Assumption:

- The proposed legislation will not result in a significant increase in revenue to the pawnbroker industry as a result of requiring the conveyance of customer's payments to first be credited toward recovering the pawnbroker's expenses, before any credits toward court costs and fees are made.
